

# Hospitality

In association with our partners Energia & Philips, eLight can provide your Hotel with the latest Philips LED lighting **Free of Charge** to dramatically reduce your lighting energy use.

We are pleased to announce that we have secured a substantial grant funding budget for projects completed within the Hospitality sector. As a result of this initiative, the range of Philips LED products can be supplied at **no cost** to dramatically reduce your energy use. These products are supplied **free of charge**

This promotion is exclusive to the Hospitality sector and includes all your lamp replacements including spotlights and general use lamps in the bedrooms.

## Reception:

Halogen spotlights that create that warm, welcoming environment in your reception will be replaced with the latest innovative Philips Professional LED lamps that will create the required warm colour and tone. These can be supplied as Dimmable where required and will reduce your energy use by up to 80%. –Supplied FREE

## Restaurant & Bar Area:

With a mix of standard lamps, candles and Halogen spotlights, reduce energy use by between 60%-80% by changing to the Philips range of assorted LED standard and candle lamps which are also available with dimming capabilities where required. –Supplied FREE

## Bedrooms:

Create the right lighting for guests in the bedrooms with Philips LED lamps that operate instantly when switched on. No delays and No warm up period. 100% light, immediately. – Supplied FREE

## It Makes Sense.

As a new associate member with the Irish Hotels Federation, eLight would like to give away **€1,500,000** of the latest Philips LED lamps to all members at no cost in our commitment to reduce energy use in the Hospitality sector. This promotion will reduce your existing lighting energy costs by up to 75% at no cost, delivering thousands of Euros in immediate savings.

The lamps supplied in this free promotion are the most efficient, fit for purpose LED replacement lamps available. This range of LED lamps are suitable to replace any Halogen spotlights, Candles, Lustre and Std Lamps in all fitting types and are available as dimming.

This range is suitable for all Hotels to replicate the existing warm colour required with instant light, while delivering huge energy savings. There is no catch and no further requirement or obligation to your Hotel.

Please contact us below to submit the quantities required along with fitting types and we will arrange delivery to your Hotel at the earliest opportunity.

- Please act now to take advantage of this promotion and reduce your energy use with eLight, Philips and the latest LED lamps suitable for the Hospitality sector.
- Or, just fill in the attached inventory and return this to us by email or post. We will then contact you and arrange delivery of the LED lamps required at **No Cost**.

Best regards,

*Aisling Mc Grath*
