

SEAI Business Supports

IHF Investment Conference

Fergus Sharkey – Head of Business Supports
6th June 2024

Steps to a Low Carbon Business

UNDERSTAND

Get to know how you use energy and create an action plan.

ASSESS

Complete your energy audit to identify actions.

INVEST

Invest in energy efficiency measures and renewables.

Energy Academy

Energy Management Intro

Guides, Case Studies

Energy Audit Voucher

Design Assistance (2024)

SEAI Business Grants

2023 SEAI Highlights

4000+ Businesses supported with €45m capital grants

- 750 Solar PV grants
- Significant increase in SSRH and EXEED offers

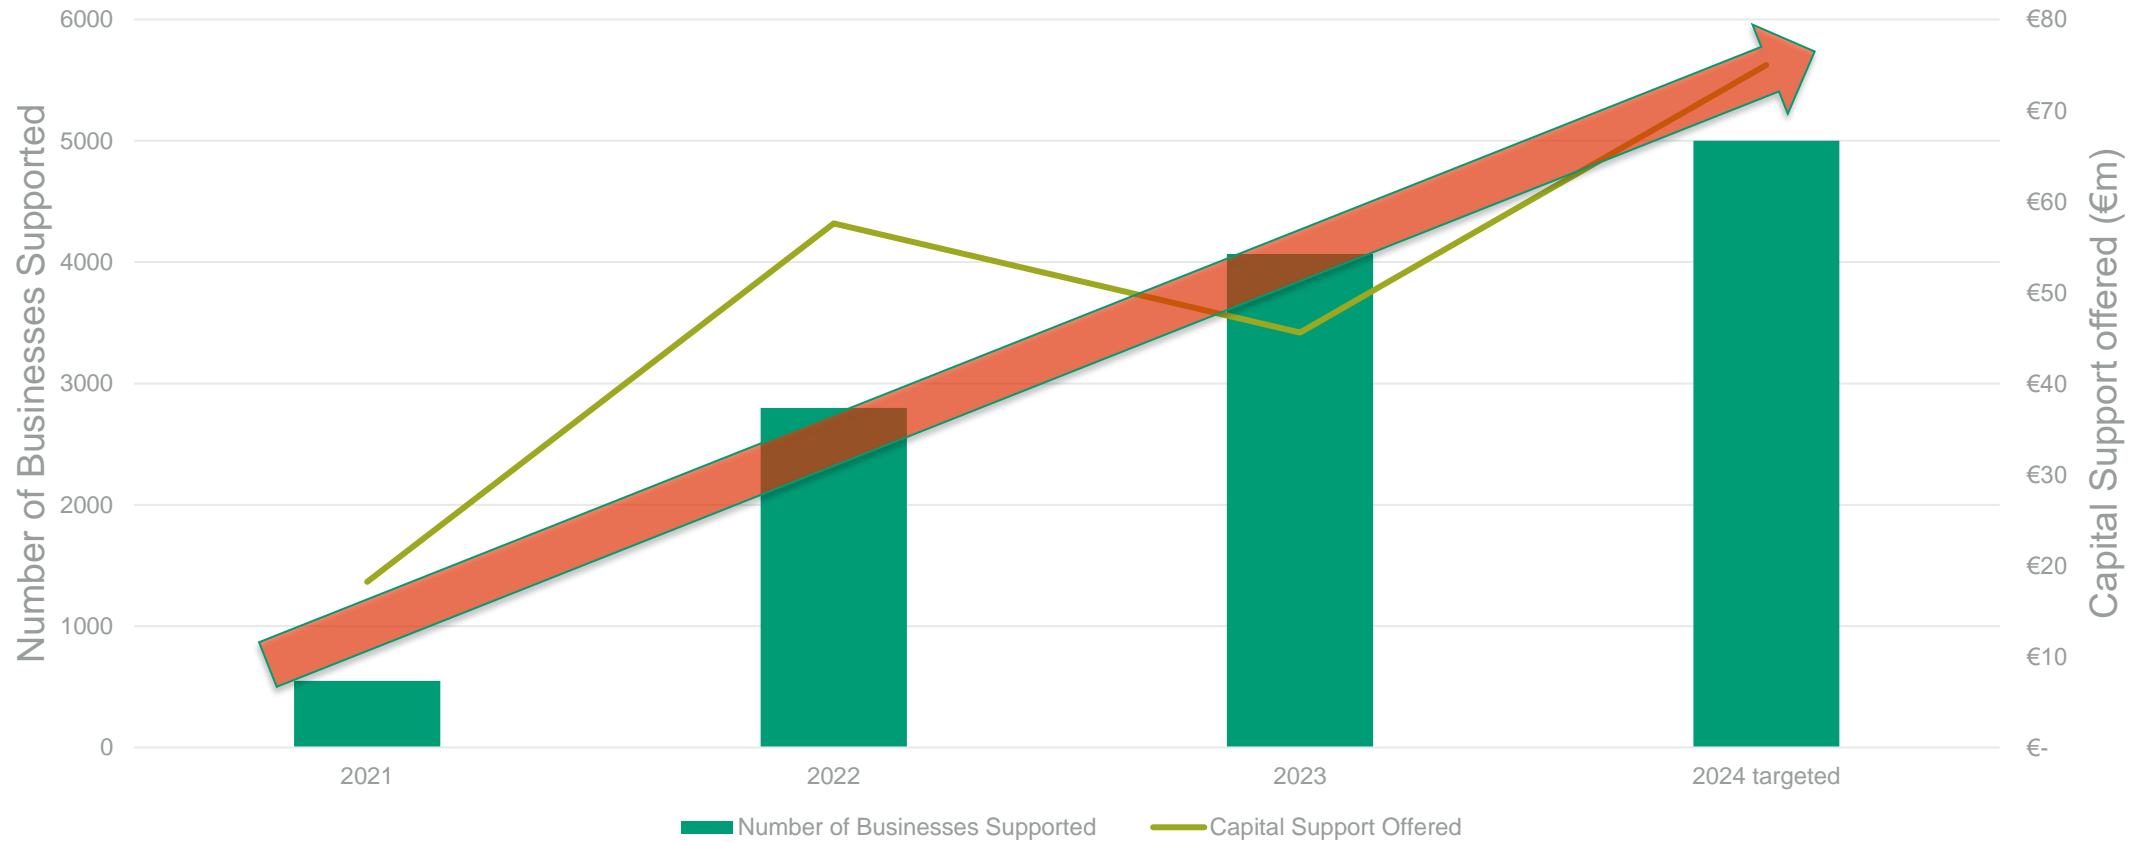

8000+ Energy Academy Learners

100s of hours of free training to 600+ SMEs and 200 LIEN Members

1100+ Energy Audit Vouchers Issued

Ramping Up Support

Grant supports summary

Grant name	What is it for	First Step to Apply
Support Scheme for Energy Audits	€2,000 towards a comprehensive energy audit	Select and appoint a registered energy auditor. Apply online
Non-Domestic Microgen Scheme	Up to €162,600 for solar PV systems up to 100kW	Select and appoint a registered installer. Apply online (10 mins)
Support Scheme for Renewable Heat	Transition to renewable heat sources – heat pump (40%) and biomass (15-year tariff up to €3.5m)	Appoint a competent designer to prepare an application and design report
Community Energy Grant	Wide range of energy efficiency and renewable projects – 30% typical	Contact a CEG Coordinator, undertake an audit
Excellence in Energy Efficient Design (EXEED)	High impact investments via EED process – 30% typical	Appoint an EED Expert

SEAI and Fáilte Ireland Partnership

- MoU signed in February 2024 and launched at FI Industry Day
- 3 operational pillars

Governance

Mobilising
Activity

Strategic
Communications

- Objectives:
 - formalise a partnership approach to deliver shared goals
 - support the implementation of FI's ['Climate Action Programme'](#)
 - enhance awareness of SEAI supports amongst the tourism sectors and its key stakeholders; and
 - activate the tourism sector to deliver national climate action targets, reduce carbon emissions and replace fossil fuels systems across its building stock.

Case Study

Raddison Blu Letterkenny – Biomass Heating and Solar PV

SEAI SSRH and Community Grant Supported
Switched from Oil to Biomass Heating
225kW Solar PV
Heating Costs cut by 70% in 2022
ZERO fossil fuel use on site
